Independence. Impartiality. Neutrality.

Médecins Sans Frontières/Doctors Without Borders (MSF) is an international, independent medical humanitarian organisation providing life-saving healthcare in more than **70 countries**.

We deliver emergency medical aid to people affected by conflict, epidemics and natural disasters, as well as to those excluded from access to healthcare. Our teams are often among the **first to respond in emergencies**, working in hard-to-reach areas and fast-moving, highly insecure environments.
