

Medical care where it's needed most

Independence. Impartiality. Neutrality.

Médecins Sans Frontières/Doctors Without Borders (MSF) is an international, independent medical humanitarian organisation providing life-saving healthcare in more than **70 countries**.

We deliver emergency aid to people affected by conflict, epidemics, natural disasters and exclusion from healthcare.

We are often one of the first to respond in an emergency, and we go where others cannot, or will not.
