**Now work i-cord** on the remaining 4 sts for 1 inch for a stalk or 12 ins for a knot.

**Cast off.**

## **Finishing**

Weave in all ends. If necessary, sew the crown edge frill in place. Wash and dry, pulling into shape. If required, tie an overhand knot in the i-cord.

## **Working i-cord**

You will need 2 dpns or straight cable needles about the usual size for the yarn. Knit the stitches as usual. At the end of the row, do not turn, but slip the sts to the other end of the needle. Then knit the next row, pulling the yarn quite tightly for the first stitch, as it is coming from the other end of the row.

Continue in this way for the length of cord you need. Finish by breaking the yarn, and threading it through the stitches. Fasten off securely on the inside of the cord.
